

## FAQs

### **How many hours a day am I expected to be doing coursework?**

Participants can expect to spend 2-3 hours a day on course work.

### **What technology will I need to access the course?**

All students registered in ESU's online programs will be required to have access to the following to ensure an enjoyable and quality experience:

1. Access to a working computer and internet reliability
2. Some courses may require students have webcam and microphone capability on their computer

### **Will I be expected to be on video or attend any live sessions?**

Each course will include at least 2 live sessions to be held Mondays and Fridays at 4:30 PM. Some instructors may choose to hold more live sessions for lectures, activities, or discussion opportunities at their discretion. Live sessions will be posted on the individual course onQ page. If you are unable to attend the session, please contact your instructor or the ESU office.

### **Can I register for more than one course?**

Absolutely! As long as you are eligible (i.e. in the right grade), you may register for as many courses as you wish. Please note that live sessions may overlap on courses running during the same week.

### **Does my parent need to be with me while I take part in the course?**

Parents are not required to attend any portion of course, but being available to offer their support and guidance is encouraged!

### **Can I make sure I get into the same course with a friend/sibling? Can you tell me what course they are enrolled in?**

If those two people are registered together, then yes! Otherwise we are unable to confirm a registration with anyone but the Campbrain account holder.
